

Project *Oceanology*

Science Birthday Parties That are Oceans of Fun!

All parties include a hands-on activity with a variety of ocean creatures from our seawater tanks plus your chosen activity from one of our marine science themes. Our marine scientists tailor programs to the educational level of the group.

Plankton Pandemonium

Get up close and personal with some of the ocean's smallest creatures using our microscopes. Create your own plankton model for action-packed plankton races (suitable for grades 1 and up).

Seals Rule!

Explore how these mammals adapt to their wintry wet lifestyles without the benefit of shelter or heat. Discover how they use senses and sound to get around. Here's your chance to act like a seal (suitable for grades 1 and up).

My, That's A Lovely Fish You're Wearing!

Using a technique inspired by the ancient Chinese tradition of fish printing, discover the artist in you as we make colorful masterpieces on a t-shirt (suitable for grades 1 and up).

Phish Physics

We all want to go swimming on a hot summer day, but how do fish handle our cold Connecticut winters? Using live fish, discover how changes in water temperature effect how fish breathe, eat and live (suitable for grades 3 and up).

How Come I Float?

Discover the principles of buoyancy and the science behind why some things sink and others float. You will build your own miniature submarines. We will then put our diving creations to the buoyancy test (suitable for grades 3 and up).

Science Birthday Parties That are Oceans of Fun!

Our Science Birthday Party Includes:

- 2 hour science program conducted by marine scientists
- Use of oceanographic and laboratory equipment
- Hands-on activity with a variety of ocean creatures
- 1/2-hour use of room for celebration
- Maximum of 25 party guests, not including adults
- Cost of the above is \$225

Add an Option

- Birthday cake \$15-\$25
- Loot bag \$4.50 per person
- Pizza or burgers, hot dogs, french fries \$6.50 per person (beverages and paper goods included)
- Balloon arrangement \$15

Scheduling a Party

All parties are held in Project Oceanology laboratories and cafe. Our parties are educational, exciting and entertaining. Scheduling one is always a piece of cake! Call 860/445-9007.

Deposit

A 30% deposit is required to secure party space. Balance is due on the day of your party. Project Oceanology accepts cash or check on the day of the party, no credit cards.

Cancellation

Cancellations received more than 3 days prior to the reserved date will receive a refund of any deposit minus a \$20 administrative fee.

No deposits will be refunded for cancellations made less than 72 hours prior to the party.
