

Project *Oceanology*

Spring 2008

After School Marine Studies Program

Ten weeks of hands-on marine science research for grades 7-12

Join us for in-depth oceanographic research on our research vessel, the Enviro-Lab. Each Tuesday afternoon from 3:30 to 6:30, we will embark on a field study excursion and study off-shore marine habitats. Session begins Tuesday, March 11th and runs through May 13th.

Under the guidance of professional marine scientists

Our experienced and accredited instructors have extensive knowledge of the ocean and relate well with middle and high school age students.

In our fully equipped facilities

Our research vessels are U.S. Coast Guard inspected. Our new building facilities, located on the University of Connecticut's Avery Point campus, contain a water quality lab, marine biology lab, seawater lab, computer lab and multi-media classrooms.

Space is limited. Please enroll now to guarantee your reservation.

Fill out the section below and **return it to your science teacher by Monday, February 25th**. There is no charge to students from school systems that are members of Project O. Additional scholarship funds have been provided by the State of Connecticut Department of Education. **All interested students** should fill out the section below.

SIGN ME UP!!

Name _____ Tel _____

School _____ Age _____ Grade _____
