PROJECT *OCEANOLOGY*

Facebook Live: ROVs

1. What does **ROV** stand for? Use your own words to describe what an ROV is.

2. Name two ways ROVs can be used to study *biotic,* or living characteristics of the ocean.

3. Name two ways ROVs can be used to study *abiotic,* or nonliving characteristics of the ocean.

4. How can ROVs be used to solve human or environmental problems in the ocean?
