

PROJECT OCEANOLOGY

Facebook Live: Fish Form and Function

Choose two of your favorite fish species described by the Project O educators. Write the name of each fish above one of the circles in the venn diagram below. Use this graphic organizer to compare and contrast these two species.

1. What are some things these two fish have in common? Record these thoughts in the part of the circle that overlaps.
2. What are some differences between the two species? Use the parts of the circle that don't overlap to record these thoughts.
